

DECLARATION OF INDEPENDENCE OF **BRITISH–ENGLISH–SAXON EMPIRE**

The name of the country is from the objective reality of history hidden and concealed and now discovered and renewed, Britain is not only geographic Britain as an Island in North-West of Europe but is Britain is the cradle of European Civilisation of many other cultures as Celtic, culture named by others as they didn't needed to name themselves as anyone because they lived freely in their land, the ones who left Stonehenge and lived in a bigger territory from British Isles to Black Sea. We are the ones of the same motherland that our ancestor's steps were recorded by millennia, in our forests, rivers, mountains we were all of the same kind of Europe. What's left of it is now preserved here in Britain , as were the last fortress of Europe left and now is the time to sound the horn of gathering as grave danger is coming in our way.

English is the language we learnt, we learned and formed this language as spoken language between all the tribes of Europe of Angles, of Britons, Celts, Picts and the ones who come from the Saxons.

The Ones of a Heritage, Kind and Language are the ones who also build the land they lived on. Everywhere where English is spoken and English people; live, this is England and shall thou be for those people who conquered the land by sword, blood, sweat and tears and built upon them. They built churches of God and communion, they built cities and houses for their families and children, they built factories and rails and they raised the world , they made it what is today and how is today, from nothing, from disease and death from famine and despair they made it for all us to enjoy and prosper.

The Ones of Celtic heritage the ones of Ireland must unite in a Bigger & Greater Ireland as the mother land is crying for their cubs wherever they left their land is now in danger of being taken and replaced, our lands, our cities are being taken and what has been done in blood, sweat and tears of generation cannot be lost through pen and paper.

Many of them, about half of the current population are outside Ireland now. They could claim that land in America if they became majoritarian in whichever state of the Union .

This is a Statement to remind everyone that this is a remembering of the times that have come, this is not a War of Conquest, it is a War of Survival of our

Kind and Future that holds the world that ancestors built and left not for us only but for everyone. They don't like our freedom because they cannot enslave theirs, they try to stop us and they can't because I have these words for you "We'll be what we were but more than that" as all of a Language, a heritage and Kind now must Unite together in a stronger country, bigger and bravest as together will be stronger and the enemy wouldn't dare to laugh at us anymore same they're doing it now.

Man and Woman of Britain & Ireland, Scotland and Wales, Australia, Canada, New Zealand and everyone else where these words can be read, were in grave danger as these times are the last for our Kind and our Future together. The Islamic world, China, India are the new embodiment of Mass Enslaving of Individuals, and we are the threat to them, the little stone that everyone would crush their teeth now. As we will refuse to surrender, we will refuse defeat and not even the seventh circle of Hell wouldn't contain us, as our ancestors fought together for thousands of years fighting the same enemy and if now they have hidden our history, the signs have been revealed again.

They have sent us the Seventh Riders of Apocalypse, they send us foreign made diseases upon us, they sent us plagues to our shores that they come to pilgrimage our lands, shame our women and abuse our children, they've sent us wars to our doors and forced us to join, they sent us false prophets that told us that a child is not a man and a woman is not a woman to confuse them and mutilate them for life, they sent us preceptors and Judas to thieve our lands and waters to impede us to do honest trade, and they sent the Beast to survey every Christian brother and sister who prays on his thoughts.

Now this is the time that we need to raise the Sword of Christ and defend our lands, our culture, our kind, our women and children. There's no other time and no other to help us as everyone who helped them before now turned their backs on us.

We're alone against everybody, we will be defiant, as this is our land and this is our people. Now, we need to remember that our ancestors have conquered the world with no fear with Christ in their souls and sword in their hands and they gave us the Bill of Rights, gave us Justice and fair-play and they gave us the

Industrial Revolution, cured diseases and ended injustice as slavery and workers abuse, they gave woman rights and equality and respected their place as mother, daughters, sisters, wives, lovers and friends.

Now is the time to reunite into a new country, a new promised Land because now God has taken the Crown of the chosen People and is looking for a New Chosen People of God to Wear it Again . As these times now have come and no one can be fooled and no one can lie .

This is the sign I've read in **Revelation 2:10** (The Crown of Life for the Faithful

“Do not fear what you are about to suffer. Behold, the devil is about to throw some of you into prison, that you may be tested, and for ten days you will have tribulation. Be faithful unto death, and I will give you the crown of life.”

Isn't this already happening when our brothers and sisters were thrown in prisons, fed to Lions in the Circle as the first Christians martyrs who died defending their faith?

Simple people here in Britain have been thrown in prisons only for saying that they don't want to give the money of their children, to ungrateful foreigners who come to shame our women and children to pilgrimage our lands, disrespecting our flag and breaking into our Holy Churches and desecrating our Faith. We haven't done anything other than receiving them and we have shared everything we had with them and we didn't get gratitude in return but war and aggression, children killed in parks, raped, murdered and young girls thrown in prisons by naming those who shamed them.

This is the sign of Persecution and our Faith now must withhold the Rage for now because this is for ourselves now to gather ourselves and grow stronger, undefeated and proud again.

Further I've read again **Revelation 3:11–12** (Holding Fast to the Crown) “I am coming soon. Hold fast what you have, so that no one may seize your crown. The one who conquers, I will make him a pillar in the temple of my God. Never shall he go out of it, and I will write on him the name of my God, and the name of the city of my God, the new Jerusalem, which comes down from my God out of heaven, and my own new name.”

The New Jerusalem would be a New United Country to all whom of same Heritage, Language and Kind who have ended slavery and injustice into the world and British-English-Saxon Empire will be a Christian Country with a

New Constitution made it by “The Strength of People and Grace of God “where the Founding Principles would be as it follows:

Head of State as function is my direct mandate that I employ someone to represent me and my interests and he will respond to me as Citizen and Tax payer who holds the power and the decision. The State has the proposal as to why it was hired including the Head of State or the King, while he's got the proposal, I'm the Citizen and I'm having the last word and my decision.

These are the Principles of a New World of a New Jerusalem, a fairer world with fairer politics where my tax monies are not used in wars to kill someone else children from hundred or thousands of miles away, and are not used to enrich anyone, are not used to bring invasion on my shores, are not used to replace our workers with cheaper foreigners, or to feed the rapists of my children in prisons or keep them in state benefits.

It is my tax and my money and my Power, my say, of Me as the Citizen.

As a citizen, I hire and entrust the Head of State with the authority to oversee the elected government. I call upon the Head of State, whether a Monarch or Head of State, it is the Constitutional Representative.

I give the power and authority to exercise on my behalf this power to hold the power of vetoing and hold the government accountable, correct its errors, remedy its damages, and ensure it fulfills its promises to the people. This mandate, rooted in my constitutional rights, obligates the Head of State and their institution to act on behalf of citizens. Through a constitutionally established and politically organized collective demand, I assert my right to compel the Head of State to exercise veto power over the elected government, ensuring it serves the will of the people.

This is my vision “The wish I wisheth for my people to live united and in peace. I would like to share with you a new Jerusalem who will solve Mankind's political problems , ending division and will bring us all to work together for a better future.

This breakthrough would be revolutionary, as no one in the world has reached this stage yet. God is Revolutionary. **Only a system with a bigger capacity to resolve human problems can replace an existing one.**

And finally reading on **Revelation 4:4, 10–11** (Crowns of the Elders):
“Around the throne were twenty-four thrones, and seated on the thrones were twenty-four elders, clothed in white garments, with golden crowns on their heads. ... [They] fall down before him who is seated on the throne and worship him who lives forever and ever. They cast their crowns before the throne, saying, ‘Worthy are you, our Lord and God, to receive glory and honor and power’”

Once a Unified State is realised Britain England made of geographic England in Britain, Australia, Canada, New Zealand, Guernsey, Isle of Wight and all other Crown Dependencies this will be the State of all English People into the world. The new Britain & England will be founded on Justice and Fair trade, as other nations would emerge and those would be the First Nations of America and Australia. Ones of a language, kind and heritage once united would free the others and peace would be established and the past defeated and buried forgotten by times would come.

Scotland , made of Caledonia , Pictland ,Ce and other ancient Realms will see the dream of William Wallace come true. It's up to them to take it. We could only cherish and celebrate their Freedom with respect.

Ireland would become Eire as united between Ireland and Northern Ireland as the last wall who separates brothers and sisters will fall. Eire would become bigger as all of a kind and heritage will form a new State, that will cherish God and thrive in Christ uniting all of its people.

Wales would become Independent if wished so and will return to its mother tongue.

Kernel would become recognised and Independent if wished so and unite with its brothers and sisters from Isle of Man in a single country that will return to its mother tongue and they'll name the country upon their choice.

Those new countries will form a treaty and the treaty is a treaty of brothers and sisters who signed in the Book of Independence with their name and will to create a New Country, a New Constitution with a fairer Law.

The treaty is the New Country, the New Jerusalem and the name of this country will be the British -English -Saxon Empire, with no debts to anyone and

no treaty signed, with its own destiny and future for them and their children and generations of their children of their children until God will keep us.

This would be a Christian Country that will accomplish the promise of God to be the New People chosen by God to wear the Crown of God and defend the Humanity of Harm and Evil holding the sword of Christ. In times of Peace the Sword of Christ will be at the Table where discussions would happen on how to resolve our issues better and that time will be for prayer for enlightening our decisions. In times of danger we will raise the Sword of Christ to defend our land, our people and our Faith

This is our Country that God showed us as he showed us the future and with faith and courage we will succeed when we will refuse to ever surrender nor call it defeat.

Dear Man and Woman. We're at this moment where a decision needs to be made and this is the call for all British people and not only, as this is for everyone who wants to live in their own country safely as this moment has come.

In this moment of emergency and necessity we're launching this appeal to everyone of you who saw his country lost. Years of betrayal and surrender without fight brought us to this point.

British Armed Forces and British Armed Border Forces need people like you. We need as many as you to join us in our mission to take our country back, not in words nor chants but by marching and securing every town, every street, every corner and every inch of British land we need you to patrol our cities, our border and our Sea.

I Daniel, I'm now God's Servant and your humble Servant and this appeal isn't mine, this is the appeal of all British children and women that they don't need to be afraid anymore. This is for everyone affected by this Invasion brought by Mass Migration, it's for everyone that lost something and never received anything in return not even a thanks, it's for every mother and child evicted to make room for those who just arrived illegally, it's for every young girl shamed and disgraced for life and the list cannot continue because now it's time to raise the Sword of Christ because the State of Emergency began, as we're officially in War Against Islam and Illegal Mass Migration.

We will raise our Army of British people. We will secure our cities, our streets and will surround every slum where there's a Mosque. Will torn down every Mosque in every City of Britain and every inch of our land would be released. We will then send word to all our brothers and sisters all over where these words can be read.

If brave young girls at 14 years of age had to pick a weapon and axe to defend themselves when no man, or no society and no Police would defend them, we cannot stand and bear any more day without accomplishing our duty of man, fathers and brothers. We have failed many others because we were afraid or we didn't know or we were blinded but not anymore and not today and not tomorrow.

This is the history that will follow us for generations but now we're this generation who will raise Britain again.

We will raise the country by our fight and call to arms. We will load them in our Army boats and our military jets, we will use our carriers and we will deport them by military means whether that state would accept them or not we will bring them back to their shores, to their borders. We do not want to harm no one, we will load only the men first and we will send their women and children after, safely and unharmed. The reality today that there's no coming back, they must go because they cannot live with us, as they are not happy and we will never bend our will as we can't. We do not have another country like they do. Then they must return and never raise again and never come back.

Unfortunately, I do have to admit that sometimes I need to make more effort in any language because I haven't learnt it yet, these words like surrender or defeat and this because my ancestors have defended Europe against every Muslim invasion for more than 600 years.

This flag is not theirs either but this flag is yours dear Man and Woman of Britain, and this land is yours and you were here as England, as Scotland, Wales and Ireland for more than 1000 years and you'll be still 1000 years and more.

As of today this is our war of survival not to conquer but to raise the Sword of Christ for our Country for our free Britain.
